

**Bosch Lithium batteries hold
up to 65% charge
after 20 months unlike lead acid**

A full-page background image showing a motocross rider in colorful gear (blue, yellow, and black) and a helmet, riding a dirt bike up a steep, rocky hill. The scene is set during sunset or sunrise, with a warm orange glow in the sky and on the rocks. The rider is positioned on the left side of the frame, leaning forward as they ascend. The bike is a standard motocross model with knobby tires and a high front fender. The text is overlaid on the right side of the image.

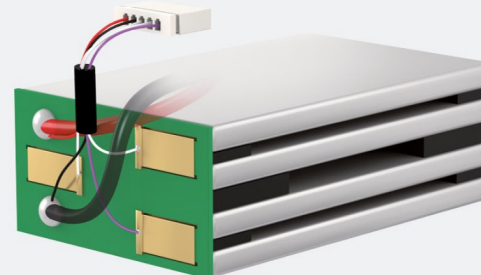

Holds charge up to
4X longer
than comparable
lead-acid batteries

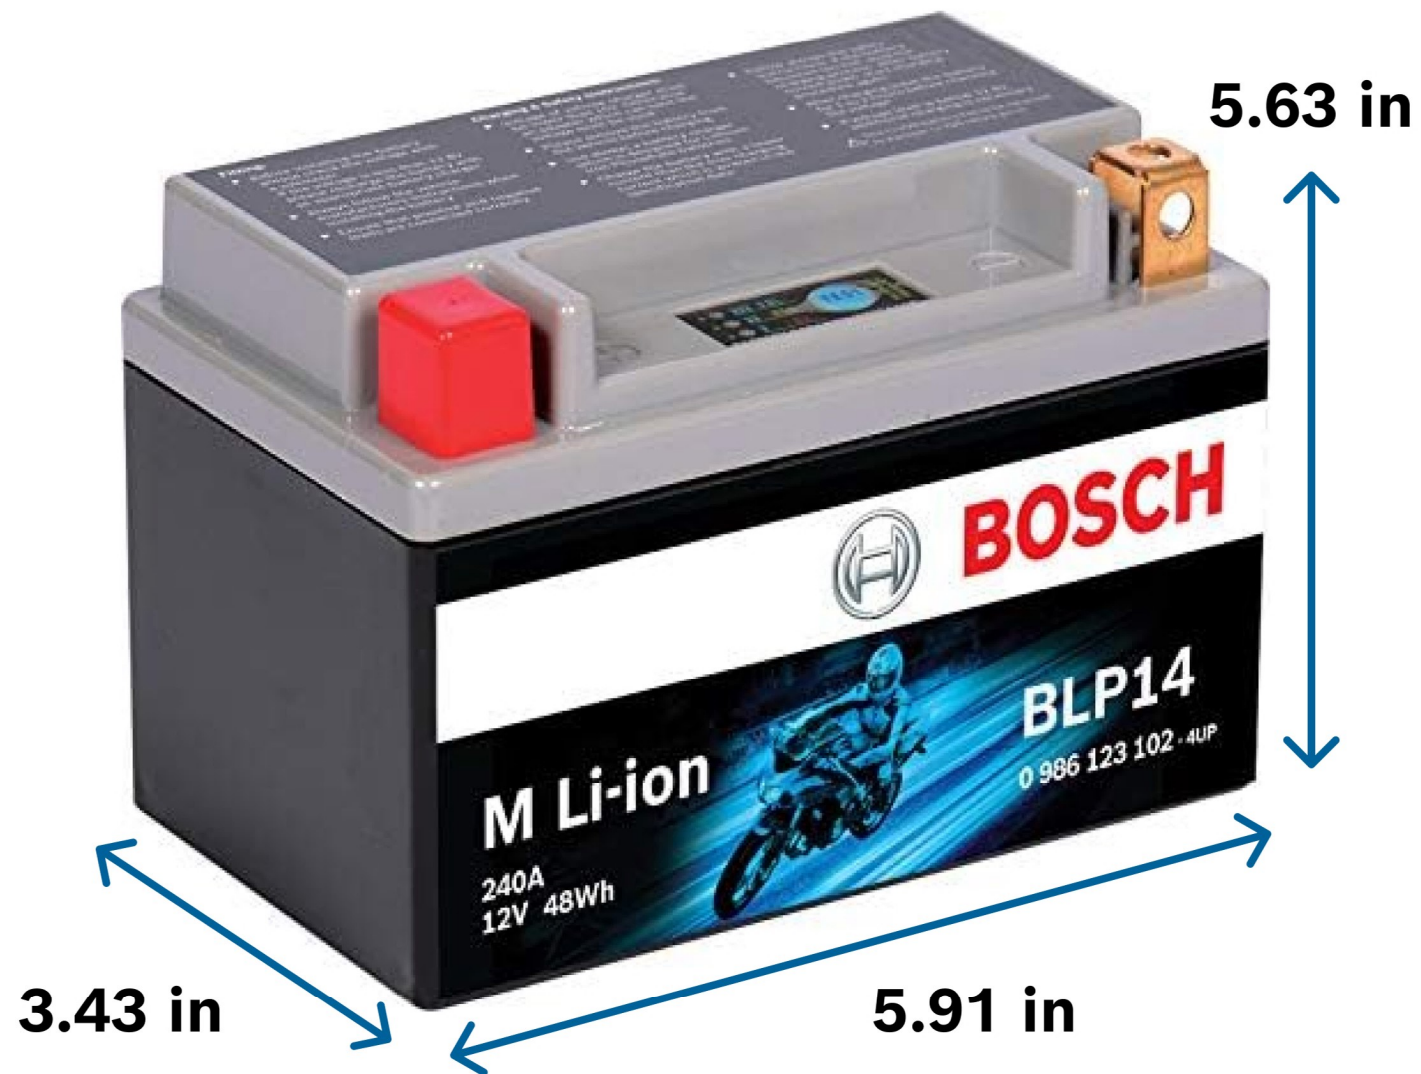

Lithium-ion technology: **Lithium-iron-phosphate cells**
